

Welcome to the

**Advocacy Event
February 29, 2012**

**Capitol Rotunda
Frankfort, KY**

OUR COALITION

We are: "THE UNITED 874K COALITION"

We make up nearly 23% of Kentucky's population!

The census data shows 81,136 Kentuckians ages 5-20 years with a disability; 557,971 between the ages of 21-64; and 235,049 individuals over the age of 64.

The total is 874,156! And this does not include Kentuckians under age 5 or individuals in institutions such as prisons, long-term care facilities, etc.

OUR VISION

Our vision is of communities across Kentucky where:

- barriers to services are eliminated, whether they are physical, regulatory, financial or attitudinal;
- the individual and his or her circle of support are fully informed so that they can exercise their freedom to make choices;
- individuals are able to obtain and maintain employment and have the opportunity to become a tax payer;
- all citizens are secure, safe and protected in their communities of choice and can exercise their right to vote;
- all persons, including those in the educational, health care and judicial systems, are informed about disabilities; and
- there is increased awareness of disabilities and elimination of the stigma associated with them.

WE COUNT!

WE MATTER!

WE VOTE!
